It is sufficient free from adulteration, and no astronger evidence can be afforded of the superiority than is derived from the fact that the French Government, after tong continued experiments, has adapted its use in all its buildings and public works. It has no pusionous properties, like elder plaint, it will not turn yellow, even when exposed to the southerness of coal fires or the foul at of states. CONSUMPTION CAN BE CURED.—
Dr. HASTINGS'S COMPOUND STRUP OF NAPHTHA—The wender and doubt felt by the medical faculty
when Dr. Hastings preclaimed the curability of pulmonary consumption by the use of Naphthans a remedial agent, has now, after eight years of trial, settled down into a deep conviction that there are few or no cases in which consumption cannot be cured by Dr. HASTINGS'S COMPOUND SYRUP OF NAPHTHA. In every case in which it has been tried in England or the United States it has been fol-lowed by immediate relief and ultimate sure. In the Blenheim Free Dispensary, under the charge of Dr. Hastings during five years that the Naphtha has been in use, there previously patients had died almost every week. In incipi-ent stages of consumption the effect of the Naphtha Syrup is almost miraculous, and a onre effected in an incredibly third night, after first taking the Syrup, is often able to eajoy a quiet night's rest, a thing unknown for weeks previ-ously.
